# QUEEN Rhapsody

A unique evening to relive the legend of Freddie Mercury and Queen!

"Is this the real life, or is it fantasy?" So begins Queen's iconic track, the most daring gamble in the history of rock music.

A unique evening to experience the myth of Freddie Mercury and Queen once again. Music, images, and storytelling (under the direction of Daniele Sala) come together in a theatrical pop rhapsody: cats, ugly ducklings, magical guitars, spoiled queens, and a treasure trove of heart-breaking songs, offering the illusion of being able to "live forever."
