JUNE 3  
2026**

# QUEEN

# Rhapsody

A unique evening to relive the legend of Freddie Mercury and Queen!

"Is this the real life, or is it fantasy?"  
So begins Queen's iconic track, the most daring gamble in the history of rock music.

A new show in which music, visual fascination, and storytelling coexist in a theatrical formula, a true pop rhapsody inhabited by cats, ugly ducklings, enchanted guitars, spoiled queens, and a treasure trove of songs that break the heart with every note, giving us the illusion of being able to "live forever."
